US CERTIFICATION # 000000415

This certificate represents the retirement of 20.79 tonnes of Carbon Dioxide (CO<sub>2</sub>) on behalf of the University of Florida, for their carbon-neutral commencement ceremonies. The certificate warrants that the creation and assignment of all the emission reduction rights associated with the reduction activities were duly transferred to the event sponsor, the Office of Sustainability, on behalf of the graduation venues. The certificate represents reductions achieved by the project holder in the Gainesville Regional Utilities (PCA), and Union County based New River Regional Landfill, Florida, USA, to neutralize emissions generated as a result of the events.
