Certified

Treasurer of the International Carbon Bank and Exchange®

US CERTIFICATION # 000000432

This certificate represents the retirement of 2,500 tonnes of Carbon Dioxide (CO₂) on behalf of the University of Florida Athletic Association, for the 2012-2013 season. The certificate warrants that the creation and assignment of all the emission reduction rights associated with the reduction activities were duly transferred to the event operator, the University of Florida Athletic Association. The certificate represents reductions achieved by the project holder in the Gainesville Regional Utilities Power Control Area (PCA), and Union County based New River Regional Landfill, Florida, USA, used to neutralize emissions generated through facility use and travel incurred as a result of the program.
