US CERTIFICATION # 00000633

Certified

This certificate represents the retirement of 2,699 tonnes of Carbon Dioxide (CO₂) on behalf of the 2019 travel impact of HBT clients to various destinations around the world. The certificate warrants that the creation and assignment of all the emission reduction rights associated with the reduction activities were duly transferred to the organization on behalf of their travelling clients. The certificate represents emission reductions achieved by project holders Gainesville Regional Utilities (GRU), US, Summit Power Corporation, CA, Lee County, US, and the District of Nanaimo, CA, to neutralize emissions generated through travel activities.
